11. Current Topics in Management Consulting

This is a course for students interested in a career in management consulting, private equity or corporate strategy. The course involves learning management consulting techniques that are applicable in a variety of client settings. This includes analyzing problems, creating solutions, and presenting recommendations to clients.

Professor: Zicchino (Wu) (MBA) Strategy Management from Cambridge University. He is a Professor of Management and is considered a leading expert in the field.

12. Babson Entrepreneurship Program

This course enables students to develop an understanding of entrepreneurship education, knowing what it means to be an entrepreneur, and how to develop an entrepreneurial program in which a meaningful difference can be made.

Babson College, a global leader in entrepreneurship education, is committed to providing students with the tools and knowledge needed to start and grow a successful business.
